## Un sogno... extra large

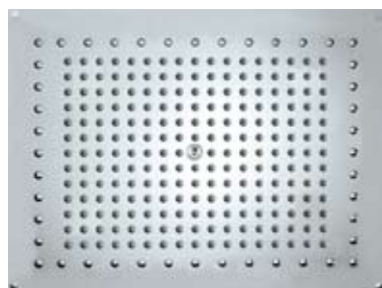

L'acqua è l'elemento vitale per eccellenza, e una buona doccia ci permette di goderne appieno: al mattino, ci aiuta a ritrovare l'energia e la positività per affrontare con slancio la nuova giornata; alla sera ci libera dalle tensioni accumulate nel ritmo frenetico della quotidianità. Dream-Rectangular Flat è un soffione extra-large che realizza una cascata d'acqua rigenerante sotto la quale è possibile abbandonarsi in una dimensione da sogno.

Art H38391 - H38387 for false ceiling installation

Bossini bathroom fittings have always featured state-of-the-art design and an appealing look. The minimalist design of the Dream-Rectangular Flat series is based on elegance and essential style, giving the luxury of a drenching shower that caresses the body softly. These shower heads combine ease of use, attractive design and enhanced wellbeing.

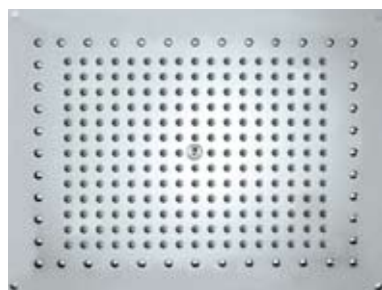

Water is the basic element of life, and a nice shower helps you to enjoy it to the full. In the morning it helps you find the energy and positive thinking to tackle the day with renewed vigour; in the evening it frees you of the tension that has accumulated in the course of a busy day. Dream-Rectangular Flat is an extra-large shower that delivers an invigorating cascade, creating a dream world. These showers are available in two sizes, providing a perfect blend of comfort and wellbeing.
